

Prestwood Tennis Club Guest Policy

Guest policy

While we welcome guest players to Prestwood Tennis Club, we are also keen to ensure that regular players join us as full members - and enjoy all the benefits that come with this - and that paying members can enjoy access to the courts when they want.

To this end, we have the following policy in place:

- Each member has three “guest passes” per year, so that friends and family can join them on the court for social visits;
- If you use up all your passes, or wish to invite a larger group of guests, then we charge £5 per adult non-member and £2.50 per child non-member, per 90-minute session. Please book a court in the normal way and then pay the fee directly into the Club bank account using the reference “COURT CHARGE”;
- Without exception, guests must not be given access to the courts until the Member is present, to avoid invalidating the Club’s insurance;
- In all circumstances, the names of all guests must be added to the court booking.

Playing with your children

We are more than happy for a parent or guardian to play tennis with a Child member (one adult per child). There is no charge for this.

Playing in league matches

All LTA-sanctioned league matches (including Local Tennis Leagues) are exempt from the guest policy. Members can play against an unlimited number of guests in these leagues, free of charge.
